Dear Jim:

It is with great pleasure that I write this letter of recommendation for Carson, Ashley & Associates. Your firm provided excellent service to Tri County Feeds for our new facility in Marshall.

As you will remember, your firm provided services which included property analysis, surveying, waivers, special exception, major site plan and construction stakeout. While I was impressed with all of your staff, I would like to thank Bob Counts and Carol Schumacher for their work on our project. We found Bob to be an excellent communicator and advocate for our interests with Fauquier County. Carol was a joy to deal with during the site plan phase and was instrumental in helping us eliminate the need for a left turn lane. From start to finish your team provided great communication detailing the process and timeframe, worked well with our architect and builder and provided great solutions to the many questions and comments along the way.

Based on our experience with your firm I am happy to provide this recommendation for Carson, Ashley & Associates. If any of your clients need a direct recommendation, please do not hesitate to contact me.

Regards,

William Jackson, President/Owner
